All costs, including costs till commencement of commercial production net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets are capitalised.

E. Depreciation and Amortisation

Depreciation on fixed assets has been provided on SLM in the manner provided in schedule II of The Companies Act, 2013.

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired. G. Foreign Currency Transactions

- (a) Transactions denominated in foreign currencies are recorded at the exchange rate prevailing on the date of the transaction or that approximates the actual rate at the date of the transaction.
- (b) Monetary items denominated in foreign currencies at the year end are restated at the year end rates. In case of items which are covered by forward exchange contracts, the difference between the year end rate and rate on the date of the contract is recognised as exchange difference and the premium paid on forward contracts is recognised over the life of the contract.
- (c) Non monetary foreign currency items are carried at cost.
- (d) Any income or expenses on account of exchange difference either on settlement or on translation is recognised in the Profit and Loss account except in case of long term liabilities, where they relate to acquisition of fixed assets, in which case they are adjusted to the carrying cost of such assets.

H. Investment

Revenue from operation includes sale of goods, services, sales tax, service tax and excise duty adjusted for discount (net) and Value Added Tax (VAT). - (ii) Claims for export incentives/duty drawbacks/duty refunds and insurance claims etc., if any, are taken into account on accrual basis.
- (iii) Amounts due in respect of price escalation claims and/or variation in contract work are recognised as revenue only when there are conditions in the contracts for such claims or variations and/or evidence of the acceptability of the same from customers. However, escalation is restricted to intrinsic value.

M. Borrowing Costs
